

We are the UK's foremost designer of commercial lighting solutions. For over 30 years, our passion for developing and manufacturing energy efficient luminaires and controls has seen us deliver our portfolio of lighting solutions to some of the UK's most innovative businesses.

Our UK design and manufacture has always been driven by pioneering research and development. Each of our luminaires is crafted from design concept through to assembly at our hard working and adaptable manufacturing centre in Basingstoke, equipped with the latest robotic technology.

We are currently recruiting for motivated employees that want to join us on our journey. If you want an opportunity to grow and develop with us and enjoy working in a hardworking and committed environment please apply. In return we offer a competitive salary dependent on experience with benefits including;

- 28 Days Holiday per year (inc Bank Holidays)
- Pension Scheme
- Free Onsite Parking
- Staff Canteen area with Vending facilities, Pool Tables

After probation you will also qualify for;

- Life Insurance;
- Optional Childcare Voucher Scheme
- Optional Holiday Purchase Scheme

### **Job Description**

The Production Operator will work in our Lighting department, assembling and wiring LED fittings. Our aim is to maintain a safe, clean and efficient workplace where we manufacture products to the correct specification and quality; at the same time ensuring that orders are completed in full and on time.

You will report into a Team Leader but will also have daily interaction with the Production Supervisor

You will be required to

- Assemble light fittings in accordance with BS EN 60598-1:2015.
- Use hand and battery operated tools; may be required to operate small machinery (training will be provided).
- Comply with Quality, Health & Safety & ISO standards.
- Be motivated and meet team targets.
- Work with and as part of a team.
- Understand and support new initiatives (5S, Lean Manufacturing).
- Work overtime when requested.

## **Candidate Requirements**

This role could be a first step in a career at Luxonic. You must have:

- A good understanding of manufacturing and associated techniques (5S/Lean) or the ability to learn quickly.
- Have a good level of manual dexterity, able to assemble small components to a high standard and have the ability to multi-task.
- Excellent communication skills.
- Ability to work on own initiative
- Work well as a team
- Demonstrate excellent attendance & reliability history
- Will require some heavy lifting on occasions

## **Hours of Work**

Monday to Thursday 08:00 – 16:30  
Friday 07:00 – 15:15

## **Salary**

Dependent on Experience

Please apply either in writing or by sending your CV and covering letter to Steve Thatcher - Production Director - SteveT@luxonic.co.uk
